

African Elegance Safaris

NAMIBIA | SOUTH AFRICA | BOTSWANA | ZIMBABWE | KENYA

■ Personal support on site

Through our own office in Namibia, we offer your clients a meet & greet service as well as 24-hour emergency availability.

■ Phone & Zoom

We are more than happy to advise you via phone, Zoom call, Whatsapp call or Voice over IP call. We guarantee you personal service from the beginning to the end of your travel planning.

■ Sustainable travel

We would like the beauty of our countries to be preserved. Environmental destruction, waste of resources, lack of labour protection, exploitation, disregard of safety regulations and much more are unfortunately still very common. We therefore consciously set a good example and support sustainable tourism, local and regional suppliers and products, organically grown products and social institutions.

For every booked trip we donate 50 Namibia Dollars to the Rhino Momma Project.

■ Our Promise

We pride ourselves on having successful relationships with our partners based on deep understanding and unwavering trust. As a supportive local partner, we are committed to finding a reliable solution to all of your client's requirements during their trip that meet their expectations.

■ Own Rental Car Fleet

All our vehicles are in top condition and are serviced and maintained by our in-house technician after each safari. This means that every client can look forward to a reliable vehicle.

INDIVIDUAL TOURS & SAFARIS | SMALL GROUP TOURS | SELF-DRIVE
